MEDIA RELEASE

10 April 2024

Wind farm's egg-cellent invitation

Golden Plains Wind Farm is delighted to be hosting the annual Rokewood Easter Event again this year on Sunday 24 March 2024. The free event is open to family and friends of residents from Rokewood and surrounding towns across the Golden Plains Shire.

The Rokewood Easter Event has proven to be a popular community get together in recent years, attended by hundreds of local families. This year's event will feature food, coffee, entertainment and a range of fun activities for children - including a special visit from the Easter Bunny and an Easter Egg Hunt.

"Golden Plains Wind Farm is proud to sponsor the Easter Event for Rokewood. It's a fantastic opportunity to bring the community together and provides a really fun day out for local kids," said Mark Bruty, Community Engagement Manager at Golden Plains Wind Farm

The Rokewood Easter Event will run from 11am to 2pm on Sunday 24 March at the Rokewood Recreation Reserve. Attendees will also have the opportunity to discuss the project, community benefits and construction progress with representatives from Golden Plains Wind Farm.

Residents are urged to register their attendance (for catering purposes) at goldenplainswindfarm.com.au/easter-2024 or via the link on the Golden Plains Wind Farm Facebook Page.

Golden Plains Wind Farm is a nationally significant project that will feature 215 turbines. Stage one of the project is under construction and will start producing renewable energy in the first quarter of 2025.

When fully operational, the wind farm is projected to generate over 4,000 GWh per annum of electricity, powering more than 750,000 homes and preventing over 4 million tonnes of carbon dioxide emissions annually. For more information on the project, visit goldenplainswindfarm.com.au
