COMMUNITY REFERENCE GROUP (CRG)

What is the CRG?

The Golden Plains Wind Farm Community Reference Group (CRG) is a group of up to 8 community members.

The CRG is an advisory body for the Golden Plains Wind Farm Management in the allocation of the Community Benefit Fund and helps ensure the community benefits from the development.

What is the Community Benefit Fund?

When the wind farm is operational, the Community Benefit Fund will provide annual financial support of up to $215,000 ($1,000 annually, per constructed turbine) for a range of community-based initiatives, scholarships, business development projects and events that benefit local communities that surround the Golden Plains Wind Farm.

Purpose of the CRG:

Enhance communication between the Golden Plains Wind Farm and the local community.

Provide an open forum for discussion of any questions or concerns.

Capture community feedback & share project information.

Provide recommendations on the allocation of the community benefit fund.

Foster positive relationships & encourage community partnerships.

For the CRG terms of reference, please see our website:
